By Kimberli Washington, Public Information Office

Makes 12 trees.

Ingredients:

- 24 miniature peanut butter cups
- 12 standard-size peanut butter cups
- 12 snack-size peanut butter cups
- 12 peanut butter cup minis
- Decorating icing tubes (holiday color of choice)
- 12 chocolate kisses
- 1 tablespoon assorted red or white sprinkles
- Parchment or wax paper

Directions:

- Refrigerate all peanut butter cups at least 20 minutes before use.
- Line a baking sheet with parchment or wax paper. Unwrap the chilled peanut butter cups.
- Place a miniature peanut butter cup bottom side up on prepared baking sheet. Pipe a dot of decorating icing on top and one standard-size peanut butter cup on top, bottom side up.
- Pipe a wavy line of decorating icing around the top edge of standard-size peanut butter cup, allowing it to hang over edge (like a stream of garland).
- Add a snack-size peanut butter cup and repeat with decorating icing design, stacking with a second miniature cup to make a fourth layer Christmas tree shape.
- Add a chocolate kiss on top and scatter assorted sprinkles over tree. Repeat to create 11 more peanut butter cup trees.
- Refrigerate until ready to serve and enjoy!!!
